**22<sup>ND</sup> UPDATE REPORT TO THE COMPANIES AND INTELLECTUAL PROPERTY COMMISSION FOR  
THE BUSINESS RESCUE OF**

**BASIL READ LIMITED (IN BUSINESS RESCUE)**

---

**1. Introduction**

- 1.1.** The Company was placed in business rescue under the supervision of the joint business rescue practitioners (“the Practitioners”) in business rescue proceedings on 15 June 2018, and the Business Rescue Plan (“the Plan”) proposed by the Practitioners was presented to and approved by 99% of all creditors and 98% of independent creditors on 27 September 2018.
- 1.2.** This report, being the **Twenty Sixth (26<sup>th</sup>) Update Report**, is being tabled in terms of Section 132 (3) (a) of the Companies Act 71 of 2008 (“the Act”) as the business rescue proceedings of the Company have not been concluded within three months of the date of commencement as required.
- 1.3.** Reference is made in this report to the Plan, it is therefore important that this report be read in conjunction with the Plan and all the previous update reports.
- 1.4.** Please refer to [www.matusonassociates.co.za/basilread/](http://www.matusonassociates.co.za/basilread/) for further information on the business rescue proceedings of the Company.

**2. Current Status**

**2.1. Construction Contracts (“Contracts”)**

2.1.1. The Company gives the following update relating to the Contracts:

2.1.1.1. TCTA (Olifants River Water Resources Development Project – Phase 2) –The commercial closure, which involves the determination of the final account, inclusive of contract claims, is anticipated to be finalized in 2022.

2.1.1.2.Eskom (Various Medupi Contracts) –

2.1.1.2.1.The Company has declared a dispute with Eskom in respect of the delays in the finalization of the Buildings Contract. The dispute is in respect of 2 issues, the first related to delay damages and associated claims, and the second being a breach of contract in respect of the delay in the releasing of the Performance Guarantee within the contractual 21 day post the issuance of a Performance Certificate.

2.1.1.2.2.In respect of the other Medupi packages, the final accounts have been agreed and any remaining amounts paid.

**2.2. Guarantees**

2.2.1.Since the last update report, no further guarantees have been called by any of the Employers

2.2.2. The value of guarantees outstanding remains at R72.6 million compared to R1.1 billion in June 2018 when the Company filed for business rescue.

2.2.3.The outstanding guarantees consist of three (3) contracts, two (2) in favour of one Employer in relation to a Contract that is being litigated upon and one is referred to in 2.1.1.2.1 above.

**2.3. Contract Claims Receivable**

2.3.1.The aggregate sum of contract claims is substantial and the Practitioners believe the extent to which the Company can recover these claims will impact materially on the result of the business rescue process.

2.3.2.The resolution of contract claims remains protracted, tedious and costly, particularly where matters have been subject to court and arbitration proceedings.

2.3.3.Notwithstanding these challenges the Company has been successful in obtaining settlements and favourable rulings with respect to certain of these claims. Unfortunately, Employers continue to unlawfully withhold payments due in terms of these rulings. Consequently, the Company has taken legal action to enforce the rulings. As a result, the timing of receipts of funds for these claims remains uncertain.

2.3.4.Whilst the Company remains committed to realising claims to meet its commitments, the Practitioners nevertheless wish to highlight that to the extent that the pursuit of these claims continues into the future, the benefit to be derived therefrom may diminish.

**2.4. Realisation of Non-Core Assets**

2.4.1. There has been no improvement in the market for the non-core assets of the Company, a position not assisted by the uncertainty associated with the Covid-19 pandemic and the general economic performance. However, we remain optimistic and continue to market these assets. Should any affected person know of or be interested in any of the properties for sale, please contact the business rescue team at [basilread@matusonassociates.co.za](mailto:basilread@matusonassociates.co.za).

**2.5. Retained Businesses (Mining and Developments)**

2.5.1. One of the primary objectives of the approved Plan was the optimisation, safeguarding and preservation of the retained businesses.

2.5.2. These businesses remain self-sustaining and continue to perform well notwithstanding the negative overhang of the business rescue of the Company on them

**2.6. Proceeds from Realisations**

Proceeds from the realisation of non-core assets and contract claims will be distributed in terms of the payment waterfall, as contained in the Plan, and in line with the Company Act.

**3. Proof of Claims**

3.1. The claims submission period has closed.

Please refer any questions or queries relating to your claim to [basilread@matusonassociates.co.za](mailto:basilread@matusonassociates.co.za)

**4. Conclusion**

4.1. Owing to the above-mentioned delays and setbacks, the dividend to concurrent creditors, as anticipated in the Plan, is likely to be significantly reduced and will largely depend on the value of asset realisations and contract claims.

4.2. Notwithstanding the above-mentioned uncertainties, it is anticipated that:

4.2.1. subject to the anticipated realisation of Claims, all PCF and other post-commencement obligations will be settled in full; and

4.2.2. the risk of further guarantees being called, although not eliminated, has been significantly reduced.

4.2.3. It remains the opinion of the Practitioners that a full implementation of the Plan will achieve a better result than a liquidation.
